League Log

JUNIOR LEAGUE
OF GAINESVILLE - HALL COUNTY

devoted to our future

president's letter

Caroline Nix

Over the course of the last year, I've been able to watch, listen and learn. These months have given me perspective on where the Junior League of Gainesville - Hall County has been, where it is headed, and wrap my head around being your President. I'm asked almost weekly if I'm "ready" to hit the ground running, if I know what I want to do or accomplish, and if I am "ready." The first and last questions are easy to answer. Hit the ground running? No, I am more of a stroller rather than a runner. Am I ready? Ha, I'm as ready to be your President as I was at becoming a parent – not very. My oldest child is 6 years old, and we have both survived this far. So I'm pretty confident that we all shall survive, and THRIVE this year.

I've had a harder time putting words together to answer the second question, and then during the board retreat, in the sitting room of The Tumlin House, it all came together. I had the opportunity to get to know our board on a personal level. Nine diverse women who are coming together to guide our organization that empowers and invest in woman, of all ages, to reach their fullest potential. Reflecting on the weekend, a lightbulb went off – *pour* into each other. We need to *pour* into each other. All of the good work that we do for our community is wonderful, but it is second to what we *pour* into each other. Junior League isn't just about our projects, how much money we raise, or even our membership status. It is about being a part of a strong network of women who inspire each other to be better individuals and lead with compassion. When we encourage each other, get to know one another, when we cause each other to change the way we think, when we challenge the status quo, and when we align to form solutions, we have poured into each other – only then will our league thrive.

We are over 300 women strong, and all of us have one thing in common – our imperfections. As this year unfolds, I encourage all of us to acknowledge our own imperfections first and the imperfections of our fellow members second – if at all. Then *pour* what you have to offer into a fellow member; and most importantly, be ready to receive what your fellow member must *pour* into you.

We are a powerhouse of dedicated, professional, well-educated women who have much to give to our community, and even more to give to each other. I challenge you all to recognize the power we have together. This year, I hope that no matter how different we may be as individuals, we strengthen our skills to have tolerance, acceptance and find the value in others. However big our differences may be, there is far more that unites us than divides us. That unconditional positive regard for everyone, the ability to stay at the table to listen, and respect the differences; and through those experiences, expand our own hearts. I hope that we continue to craft our league into what it needs to be.

I would like to thank all of the Sustainers who continue on this journey with us and the Active members who have recommitted for another year. Our Sustainers are our history, but we don't want them to remain in the past! We are looking forward to re-engaging and reinvigorating our Sustainer base this year and hope to see many of you at upcoming meetings and events.

As your President for the 2018-19 League year, I am honored to serve all of you. We have an exceptional legacy to serve as our foundation, as we work to build a better League and a better Gainesville - Hall County.

Thrift Sale

It's that time of year again - the one you've been waiting for all year long - THRIFT SALE! This year's Thrift Sale is moving forward with momentum like never before! For over 50 years, members of this Junior League have made an incredible difference in the lives of our neighbors in need by serving at our Annual Thrift Sale. The purpose of Thrift Sale is simple: serve our community by providing the opportunity to purchase gently used, much needed items at an extremely discounted price. The impact of Thrift Sale is huge - not only on the lives we touch and the families we serve, but also for us as League members, as we encourage one another to develop into leaders and promote volunteerism and service in our community. This one weekend of thrifting changes lives. We are so glad you are part of this initiative and thank you in advance for all your hard work and involvement in Thrift Sale. Cheers to 2018 Thrift Sale being the best yet!

What about clothing? We are happy to accept adult and children's clothing, however the quota rules are different for each. Please review the specific guidelines for adult clothing quota and children's clothing quota.

Do you accept books? We ARE accepting *children's* books this year. Please note these items will not go towards your quota and do not need to be priced.
